"LET ME PLEAD WITH YOU, LOVERS OF
AFRIKA, TO CARRY WITH YOU INTO
THE WORLD THE VISION OF THE NEW
AFRIKA"

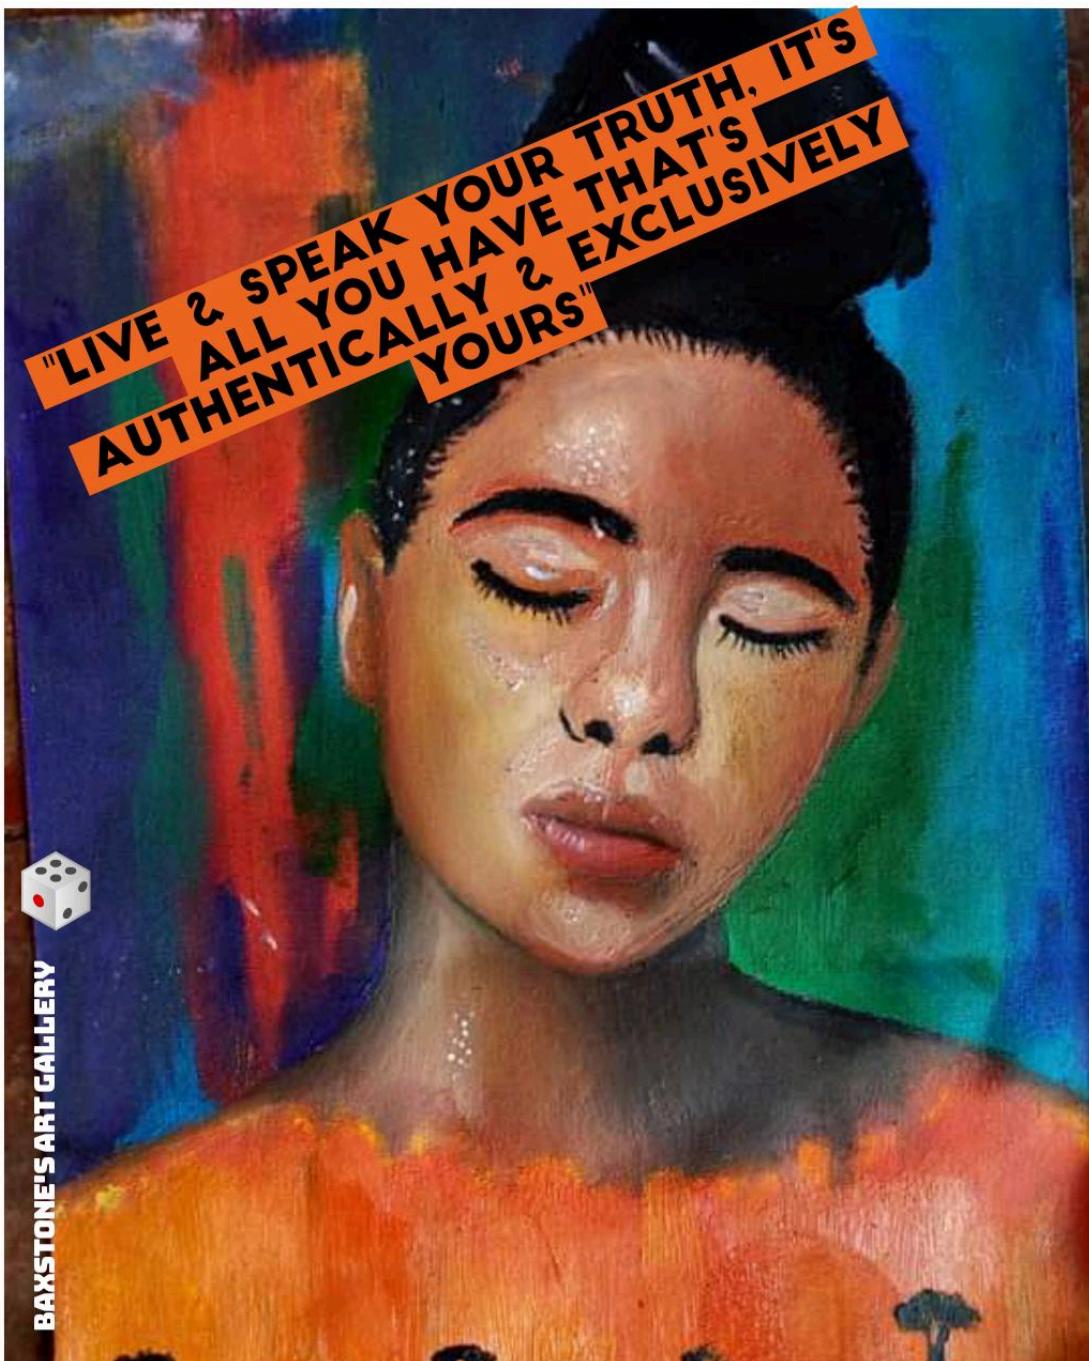

MANGALISO ROBERT
SOBUKWE

05 DECEMBER 1924 - 27 FEBRUARY 1978

"I am human , I consider nothing human alien to me" Terence.

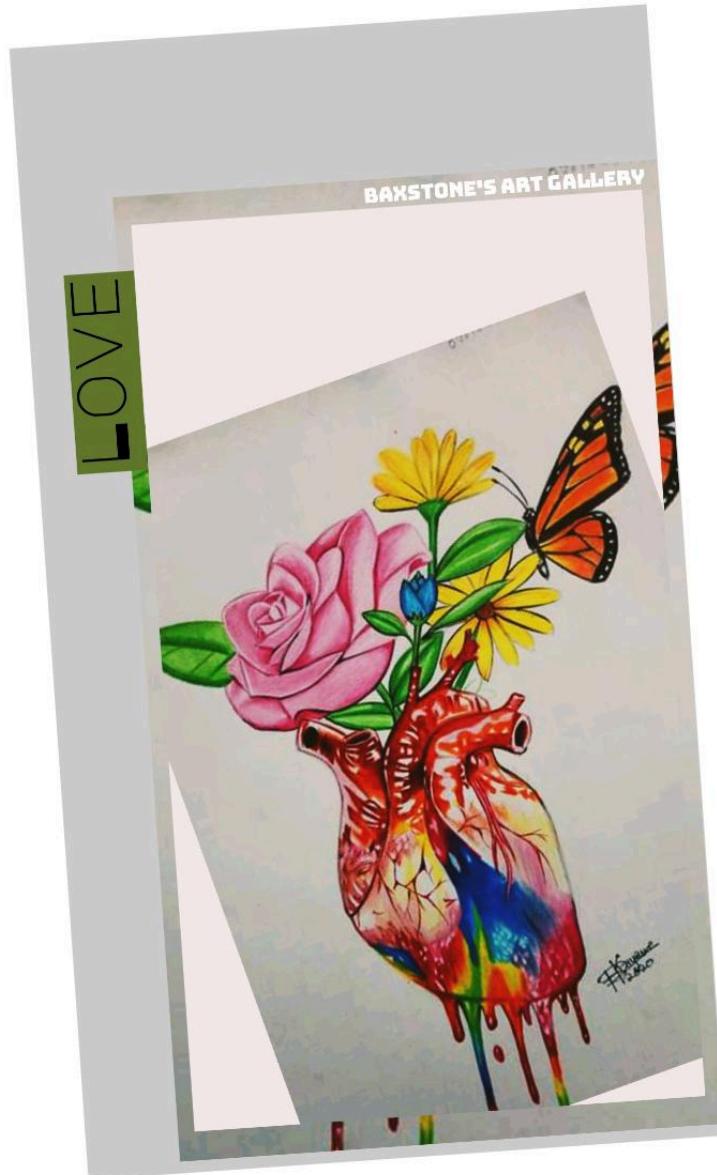

OURSTORY

Love has the ability to transcend space & time,
living beyond the mere physical existence of our
mortal & decaying bodies.

OURSTORY

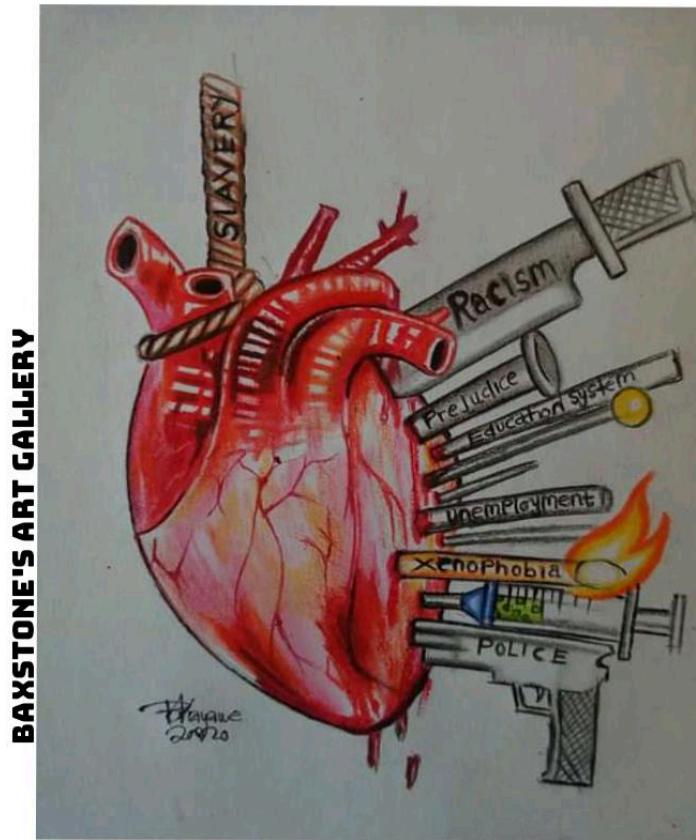

Love flows like a river, new & fresh everyday,
where all living creatures, men & beast alike,
come to drink & get life.

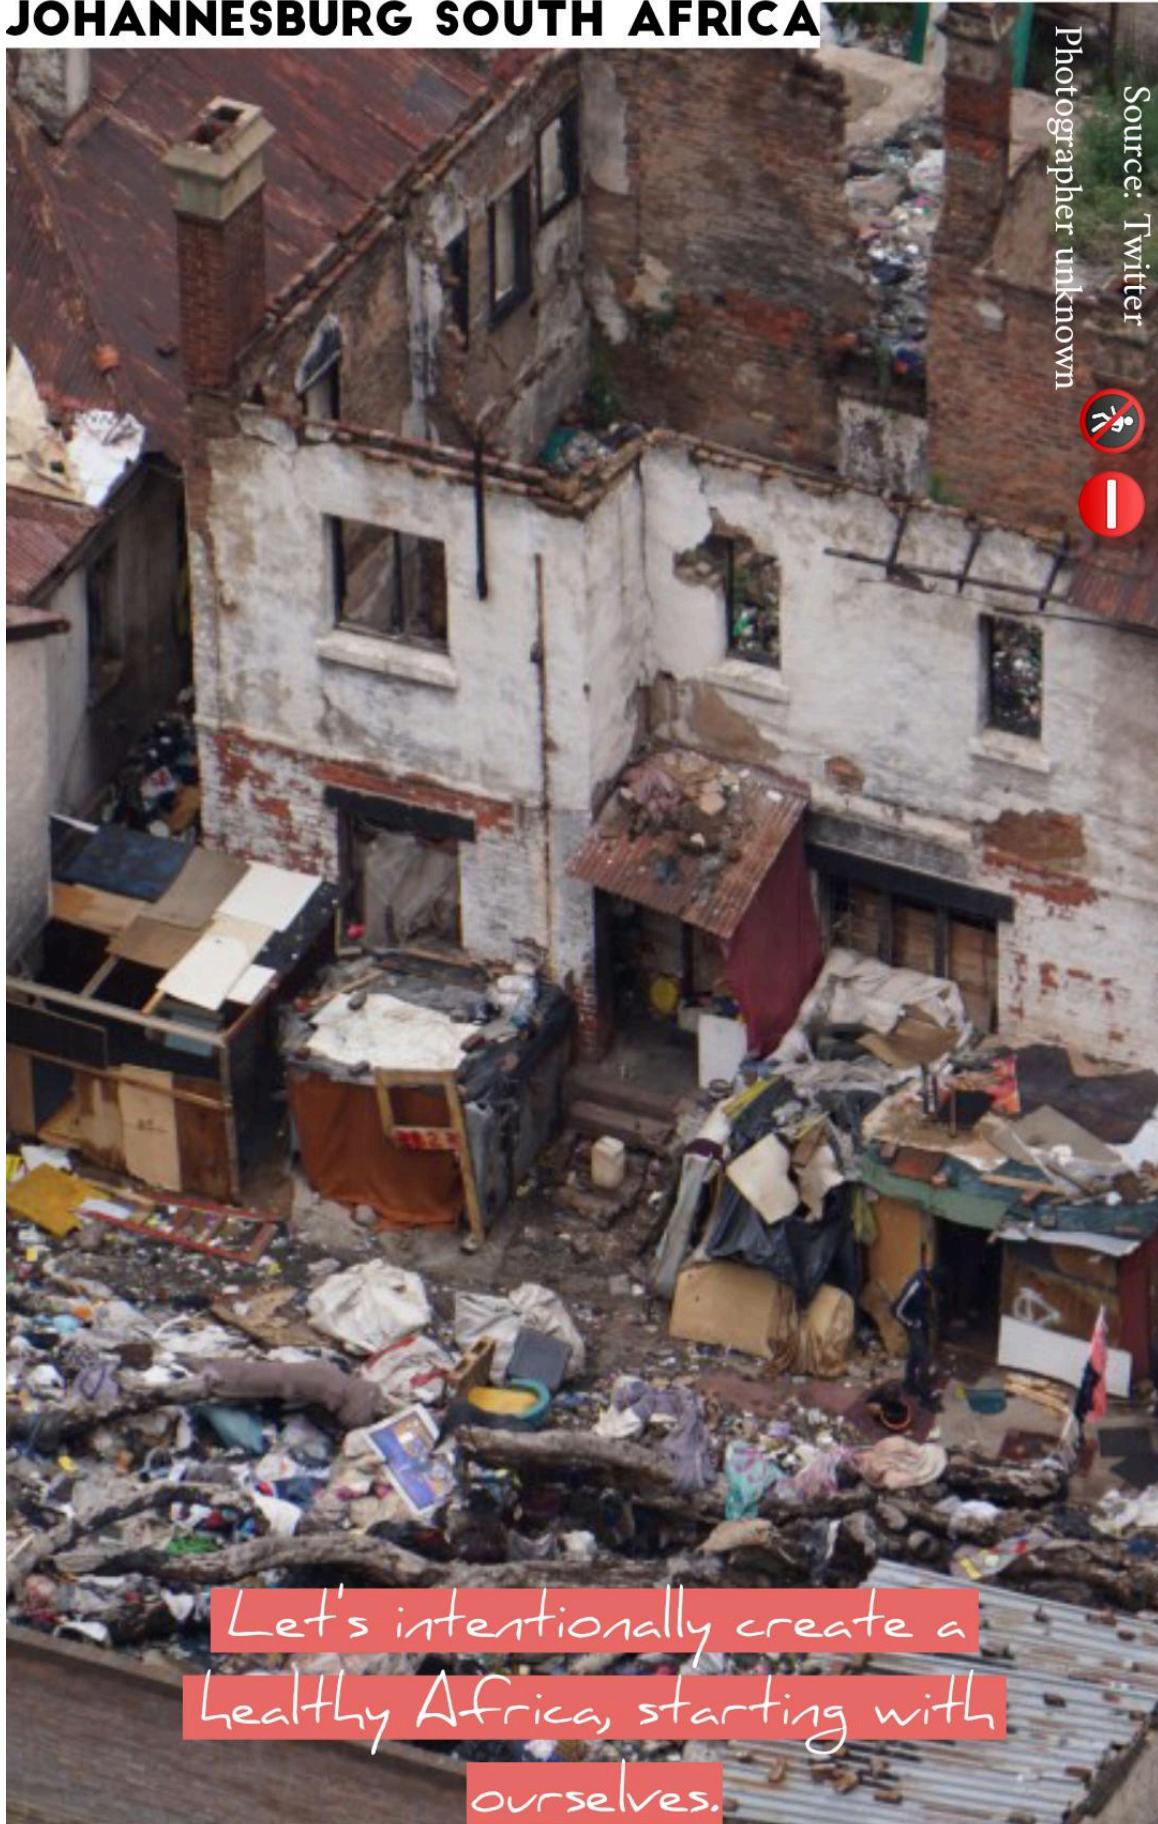

But unlike most things in life ,
You cannot lie,buy or bribe your way into
loving Yourself, you have put in the time &
work, like everyone else who has intentionally
chosen to embark on this journey.

Be very clear and intentional about who & what you want to become, because to have some degree of control over the outcome of the lives of others, one must be very intentional about what they plant in their mind & heart.

Everything that has ever been created by men came from within them ,so a person can only take withdrawals from what has been deposited within them, which eventually shapes their world.

Let us protect our women & children instead of

abusing ,raping , killing & selling them.

Take your place amongst the living & The giants
on whose shoulders you stand on.

Self love is a daily practice, learning to be kinder
to yourself , forgive yourself for all the mistakes
& decisions you might have made that led you to
the situation you are in.

Don't be hard on yourself , especially when you
are doing the best you can ,in the situation you
in ,using all the gifts & talents that were
bestowed upon you.

OUR STORY

Most black kids are made to feel less than human, to apologize for even breathing, made to hate themselves & their very existence on earth. All as a result of just simply being born black.

The black race hasn't even began to tap into the potential of its power as a people who could bring real change into the world but it must first start from within.

& that journey begins with self love, understanding who & what you are & taking pride in that.

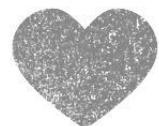

"LET'S MOVE FORWARD IN LOVE"

And lastly letting go of all the anger, against yourself, your government for failing you , those who have hurt you & still continue to do so.

Let go of all the excuses, behaviours & toxic friendships & relationships

Take up love instead.

Love brings peace and harmony in ones soul , if you are at peace with yourself then you will automatically bring peace to the world around

you.

In the words of Dr Martin Luther Junior" If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do, you have to keep moving forward"

"Not all of us can do great things. But
we can do small things with great love"

mother Teresa.

" self Confidence is key in the industry"

Tebatso

Well spoken, hardworking, trail blazer &
inspirational are some of the words I would
use to describe our sips guest feature for the
Black Edition.

Born & raised in Vosloorus east of Johannesburg.

Tebatso began his school career when his family enrolled him at Sunny Ridge Primary School.

Shock & confusion were his initial reaction to this world that was suddenly thrust upon him.

Without the structure of family in school to protect him he would soon be exposed to how kids & human beings in general could be mean & even more so towards people living with albinism.

He was bullied, ostracised & misunderstood by his peers & sadly even by his seniors for being different & unique.

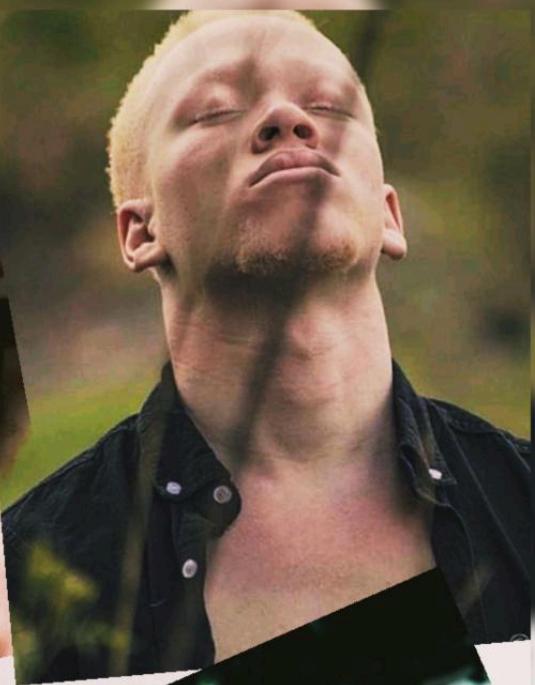

Luckily, his family had made enough deposits of love & self confidence in him, that he would later draw strength & inspiration from, when the world wasn't so kind towards him.

His family intentionally armed themselves with information instead of fear & misconceptions, understanding the cruel realities that awaited their son out in the world, they were determined to build his self confidence from the inside out by giving him correct information about living with his condition.

And Tebatso didn't disappoint, he was very inquisitive as a child ,with confidence that could fill a room. He participated in arts & culture programs in primary school even amidst the bullying and teasing.

Lights,

And In High school that's when everything eventually started changing for the better for him, when one of his friend's boyfriend happened to be an entrepreneur of a start up modelling agency at the time ,

Camera

Action

happened to spot Tebatso's pictures on Facebook and thought he had great potential to be a model & decided to reach out to him.

That moment would change Tebatso's life forever, as it spoke to his passion & dream of being an entertainer plus the fact that someone thought he had potential & had a unique look.

SIPSMAINFEATURE

Fast forward to 2021 he has worked on 🕶 numerous campaigns on & off the runway with international acclaimed artists like black coffee & Davido on ad campaigns & kanyi Mbau for her Title sequence on BET's Kanyi Mbau Reloaded.

Tebatso is well on his way to Stardom.

He has also had the honour of walking the Mercedes Benz fashion week & working with GQ on his latest campaign.

Unique look, amazing work ethic & brains to match, in 2018 Tebatsos Graduated from the university of Johannesburg with a degree in BCom finance.

SIPSMAINFEATURE

With all that he has been able to accomplish thus far, Tebatso is showing no signs of slowing down anytime soon.

Even though he is proud of the person he has allowed himself to become, he says it's only the beginning & based on his track record , you can rest assured, he will be serving excellence in the near future.

As he reflects on his on his journey thus far, he had a deep yearning to be understood, acknowledged, appreciated & seen while growing up ,

He started loving himself , believing in Himself, which taught him to acknowledge, appreciate & see his true self & eventually it shaped his world.
